## The Normal School At Kirksville, Mo.

It pays to be a skillful school teacher. Who says so? The Normal School at Kirksville says so. Why? Because the teacher's life is a life of high thinking, good living, constant growth, and good financial compensation.

Does it pay to be a poor teacher? No, indeed, it does not. It takes scholarship to be a good teacher, and more than scholarship. It requires insight into human nature. It requires technical knowledge and skill. Where can these acquirements be secured? At Kirksville.

Where do they have no "snap" courses? In the Normal School at Kirksville. Where do they have no loafers and no quitters? At Kirksville. Where do the school boards look for good teachers of all kinds? To Kirksville. Where do they do the hardest work and have the best of health in the summer time? At Kirksville, to be sure.

Where do they have delightful daily programs in the out-of-door theater in the summer time? At Kirksville. Where do they have drinking fountains under the shade trees all summer long? At Kirksville. Where do they at all times have calls for public school teachers? At Kirksville. Where do they have alert, quick-moving, ambitious students all the year round? At Kirksville. Where should bright, ambitious, High School graduates go if they desire to become good teachers? To the Normal School at Kirksville, of course. Summer Term May 27 to August 8.

## Synodical College for Girls

"A Type of Student"

1874

1913

[SYNODICAL is different from most colleges. There are several reasons why this is true.

[Some think SYNODICAL girls have always been rather distinctive—that is a matter of opinion and taste.

[YOU know what YOU want for your college and associates—SYNODICAL might suit you best.

A POSTAL CARD WILL SETTLE THE MATTER.

It is worth a penny to find out.
